

**Leverage \$100.00 Into \$83,200.00 with the
Elite Classic Cycles of Abundance!
www.giftingislegal.org**

Email: support@giftingislegal.org

EliteResurrected.Org is a nine-year-old, interdenominational belief system that has over 250,000 members worldwide. It is incorporated as a 501(c)(3), non-profit, charitable organization. Its vision is to eliminate poverty, lack, and scarcity worldwide. The belief system is based upon the Biblical principle of giving, as found in Luke 6:38. It states, "**Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom.** For with the same measure that ye mete (by the same measure that you use to give) withal it shall be measured to you again (in EVERY way, you shall receive from others accordingly)." Through the Elite Classic Cycles of Abundance, you are empowered to generate **\$83,200.00 repeatedly from a one-time, out-of pocket gift of \$100.** This is **NOT** MLM or Network Marketing. There is **NO** selling, **NO** recruiting, **NO** convincing, and **NO** hype. **Plus, giving is TOTALLY legal and tax-free!** (See IRS Pub 950 at www.irs.gov) You only need to invite two *like-minded* people who are willing to duplicate your efforts. They will follow you repeatedly through the seven cycles. You can invite as many people as you like -- it will speed up the progression through the cycles. **Once you enter the recycling phase, you receive infinite abundance according to the belief system.**

I will give my best explanation of the cycles. They can be unpredictable in that you will most likely receive far more than the \$83,200 by the time you go through the seven cycles. Sometimes you will receive gifts and give gifts to those whom you have no idea why or how they came to be a part of your gifting cycles.

Elite Classic Cycle of Abundance

The Elite Classic Cycle of Abundance is made up of 4 concentric circles or rings that contain fifteen positions. The first ring contains 8 Giving positions. You enter one of these positions when you are invited into the activity *before* gifting at the one-time, out-of-pocket level of \$100. Once you gift the Receiver in the center, you advance into the Inviting ring where there are 4 positions. In this ring, you invite your first person (your invitee) that gifts the person who has now advanced into the center. When your first invitee gifts their Receiver, they advance into the Inviting ring. This "pushes" you into the Empowering ring where there are two positions. In the Empowering ring, you help or "empower" your invitee(s) to obtain their two people. This is also where you are required to invite your second person if you only have one invitee. When your first invitee obtains their first person, you advance to the Receiving position. You begin to receive \$100 gifts from those in the 8 Giving positions as they come into the cycle (\$800 total). Once your second invitee enters the cycle with their \$100 gift -- you can progress into the higher gifting cycles and re-enter each cycle. Without your second invitee, your progress through the cycles will be delayed.

People move in and out of each ring as they move on to higher gifting cycles. When you reach the center of any cycle, eight people in the Giving ring will gift you at the denomination of that cycle. This could be \$100, \$250, \$500, \$1,000, \$2,000, \$4,000 and \$6000. You receive eight gifts of each denomination per cycle (totaling \$800, \$2000, \$4000, \$8,000, \$16,000, \$32,000, and \$48,000).

Each step is replicated in every cycle. Once you enter forward progression (upon receiving your fourth gift) and recycling (upon receiving your sixth gift), your group (your invitees, their invitees, etc.,) will follow you through the process and into the higher gifting cycles. Everyone saves a portion of the gifts they have received to re-enter new cycles. Before you have progressed to the \$83,200 cycle, you will already be on another \$100, \$250, \$500, \$1,000, \$2,000, \$4,000 and \$6000 cycle. There is no break or lull in the cycles -- they are perpetual in the truest sense of the word. Each participant that you invite and they invite and so on -- will always follow you into the new cycles. The old cycles will be retired once they are filled. A cycle does not have to be filled in order for you to progress to a new cycle. Due to attrition, I estimate that you will need between 120-200 active people in your group to go through all of the cycles.

Cycle One is the \$100 cycle. Everyone starts on this cycle by giving a one-time, out-of-pocket gift of \$100 to the Receiving position. By the time you complete this cycle you will have received \$800.

Cycle Two is the \$250 cycle. To enter this cycle, you will save \$250 from the \$800 you received, and gift the Receiver of this cycle. By the time you complete this cycle you will be in the center position and will have received \$2,000. The \$250 cycle is made up of older members, and members who will eventually follow you from the \$100 cycle. **This process continues with Cycles 3 through 7 (\$500 through \$6,000).**

New members come in **only** at the \$100 cycle of the Elite Classic Model. This is the model my group is on. In addition to the \$250 you should save from the \$800 you receive -- you should also save an extra \$100 for re-entry into another \$100 cycle. That is \$350 total you should put aside from your first cycle. If you invite one person, they invite one person, and they invite one person -- you will enter the Receiving position of the cycle without your second person. There are three steps to advance into the Receiving position (Giving, Inviting, and Empowering).

If you or anyone in your group invites more than two people, it pushes you through the cycle at a faster rate. You will eventually be on hundred's of cycles when this happens. Because of the automatic, forward, re-entry to a higher cycle after receiving your fourth gift -- and the automatic progression to a new cycle after you receive your sixth gift -- **THE POSSIBILITIES ARE ENDLESS.**

For example, you start out on the \$100 cycle and invite two *like-minded* people who do the same. When you receive your fourth gift, you will move to the \$250 cycle and gift the receiver \$250. When you receive your sixth gift in the \$100 cycle, you will move to another \$100 cycle and gift the receiver \$100. That is \$350 you should save from the \$800 you received in the first cycle. This leaves you a total of \$450. It is the same on each cycle only in higher denominations. On the \$250 cycle when you receive your fourth gift (\$1,000 total), you will move to the \$500 cycle and gift the senior \$500. When you receive your sixth gift you will move to another \$250 cycle and gift the senior \$250, that's \$750 you should save from the \$2,000 you received in the second cycle, leaving you a total of \$1,250. **The best strategy is to save your first four gifts for re-entry into new cycles.** This way you will always have enough without coming out-of-pocket. If you are unable to gift the Receiver of each new cycle, they **WILL NOT** accept you into the cycle. We have many participants who receive well over six-figures before they progress from the \$2,000 cycle because of all the forward re-entry into new cycles. Since our intent is to get participants to a place where they are receiving gifts consistently, it doesn't matter which cycle the gifts come from or in what order. The tracking system always fills the oldest cycles first but it doesn't require you to complete one cycle before you join another one.

Here's How Your One-Time, Out-of-Pocket Gift of \$100 Will Leverage Into \$83,200

1. Give \$100 once, out-of-pocket. 8 people gift you \$100 = \$800. You gift \$350 (\$250 goes into the next cycle, \$100 re-enters the current cycle). You keep \$450, for a cumulative of \$450.
2. Give \$250 of what you received, 8 people will give you \$250 = \$2,000. You gift \$750 (\$500 goes into the next cycle, \$250 re-enters the current cycle). You keep \$1250, for a cumulative of \$1,700.
3. Give \$500 of what you already received, 8 people will give you \$500 = \$4,000. You gift \$1,500 (\$1,000 goes into the next cycle, \$500 re-enters the current cycle) -- You keep \$2500, for a cumulative of \$4,200.
4. Give \$1,000 of what you already received, 8 people will give you \$1,000 = \$8,000. You gift \$3,000 (\$2,000 goes into the next cycle, \$1,000 re-enters the current cycle) -- You keep \$5,000, for a cumulative of \$9,200.
5. Give \$2,000 of what you already received, 8 people will give you \$2,000 = \$16,000. You gift \$6,000 (\$4,000 goes into the next cycle, \$2,000 re-enters the current cycle) -- You keep \$10,000 - for a cumulative of \$19,200.
6. Give \$4,000 of what you already received, 8 people will give you \$4,000 = \$32,000. You gift \$10,000 (\$6,000 goes into the next cycle, \$4,000 re-enters the current cycle) -- You keep \$22,000 - for a cumulative of \$41,200.
7. Give \$6,000 of what you already received, 8 people will give you \$6,000 = \$48,000. You gift \$6,000 back into the current cycle, you keep \$42,000 -- for a cumulative of \$83,200.

All This For Giving \$100 Out-of-Pocket, and Inviting 2 Others Who Are Like-Minded!

The previous explanation takes into account the gifts you will need give to enter new cycles.

The recycling process will never end. As you constantly move to new cycles, you will be in several recycling phases with your invitees and their invitees following you over and over. **This will take some time and will not happen overnight.** Some will get to this point within 6 months to a year, for others it will take two to three years. A certain Pastor in the activity received \$13,000 his first month and \$108,000 by his 8th month. However, he is a Pastor and had many invitees from his church who followed him through the cycles. You will also reach a stage where you will begin to merge into the collective of older members. You will enter cycles of these members who will seem to appear out of nowhere and you will gift the receiver of these cycles. You will also begin to receive gifts from members whom you have no idea where they came from.

All gifts are sent according to your specification (cash, cashier check, money order) within 3 days by private courier that provide a tracking number (UPS, FedEx, DHL). If a participant does not submit their gift and provide a verifiable tracking number within 72 hours, the system will remove them from the cycle. You do get a few days before this happens. You may rejoin a cycle by requesting it in your backroom of the website. When it is your turn to be gifted you will be happy to receive it at your front door within 3 days. We now have a new debit card system that you may use in order to speed up the gifting process. It is free to join and much more reasonable in price to send a gift. To send a \$100.00 gift using this method would cost you 1% or \$2.00 which ever is greater. You may sign-up at www.globalmoneycards.com. They are international and are powered by City Bank. You have three options for funding your account, bank wire, credit card, or checking account. The cheapest way is to use the ACH method that lets you fund your account through your checking account. You must have \$25.00 in your account in order to request a debit card that you may use at any ATM or retailers. You can send gifts to other participants by entering their email address provided they have signed-up with Global. It only takes about 5 minutes to complete the sign-up process. Soon you will also be able to pay your hosting fee through Global and transfer funds to your bank account. We are still in phase 1 on coming online with Global. Go ahead and sign-up and learn more as a member.

EXTREMELY IMPORTANT: Remember to pay your hosting fee for the website and to maintain access to your backroom. When a member becomes inactive or drops out, their gifts will go into a trust fund for charity. (Your position never stops receiving gifts even when you are deactivated as long as you submitted your first gift.) We have had some members to rejoin after years of being inactive. If you still have your password and login ID you can reactivate your membership and old cycles without sending a gift. You must submit \$45 (three months-hosting fee) to reactivate a membership. I use the 3-month option when paying my fees. Thirty days comes around so fast it is easy to forget. An invitee once forgot to pay her hosting fee and was deactivated for two days. She missed out on two gifts. Once you join a cycle, you have committed to following the steps in the progression. Simply invite two *like-minded* people and save a portion of your gifts to be prepared for the next level.

This system is dependent upon consistent interaction within the cycles. This creates perpetual prosperity for all participants in a timely manner. If everyone came into the program with his or her two people, it could literally work within a matter of weeks. We have seen it happen in a matter of minutes when the right, like-minded individuals come together as a group. Most likely, given the human element, it will take the average person eight months to a year. The road to \$83,200 will be littered with thousands of dollars when you commit to the program.

The Power Of Giving Is Awesome!

You will never go back to selling or promoting products or filling out Schedule C's once you experience the power of giving. **The best part is it's all tax-free.** All gifts are sent privately and directly from participant to participant. The tracking system is also a contact management system between participants. It tracks each cycle then notifies you when you have a gift pending from a participant. The participant will contact you to make arrangements to send your gift. To have access to the tracking system and backroom, there is a \$16.00 per month hosting fee. Each participant will enter those they invite into the system.

Once you reach the recycling phase, it is no longer dependent upon inviting new people. Your group will follow you through a never-ending sequence of gifting each other indefinitely. A one time, out-of-pocket gift of \$100.00 is all you need to receive \$83,200 repeatedly through the systematic recycling of abundance.

To Get Started, Follow These Three Simple Steps:

STEP 1: Contact your Inviter via email and request an invitation into the activity. They will need your full name, desired username, a password (case sensitive), your email address and telephone number.

STEP 2: When your inviter enters your information into the tracking system, you will receive an ID number by email. Follow the instructions to subscribe to the tracking system (\$16 per month) and to contact your Receiver. You will have 72 hours (3 days) to send your gift and enter a verifiable tracking number. Upon verifying the tracking number, your Receiver will accept you into the cycle.

STEP 3: Find your two *like-minded* people. When they request an invitation, enter their information into the tracking system and the rest is automatic! As your two invitees follow this simple system, you automatically advance through the cycles and begin to receive up to **\$83,200.00** -- over and over again!

For detailed information, visit **www.EliteResurrected.Org**. Under **Resources**, download the Training Manual and view the presentations. If you have more questions, contact your inviter or sit in on one of the following conference calls:

EliteResurrected.Org Invitation Call: Every Tuesday and Thursday Evening; 9:30pm to 10:00pm, Eastern Standard Time. Call: **1-405-244-5070**, PIN: **6020#**.

"When the voice and the vision on the inside become more profound and clear and loud than the opinions on the outside... You have mastered your life."- John F. Demartini
